The History: Blessings to Sri Balaji Society- 13th February, 2000

On 13th February, 2000 seen from right to left are Gen S Padmanabhan, Chief of the Army Staff; Mr. L. C. Singh, CEO, Nihilent Technologies; Late Maj Gen S Krishnamurthy (Retd)-Chairman, Governing Body IIMM; Lt Gen B T Pandit, Former Adjutant General; General V P Malik COAS; Dr. S B Mujumdar, Founder Director & President Symbiosis; Admiral J G Nadkarni, Former Chief of Naval Staff; Air Chief Marshal H. Moolgavkar, Former Chief of Air Staff & Dr. (Col) A. Balasubramanian, Executive Director & President Sri Balaji Society

Our Founder President and Chancellor

Late Prof. Dr. (Col) A. Balasubramanian
Founder President & Chancellor
Sri Balaji University, Pune (SBUP)

Prof. Dr. (Col) A. Balasubramanian was an eminent educationist, philanthropist, a gifted writer, and a decorated army officer. He has been instrumental in setting up Symbiosis Institute of Management Studies and is the 'Atlas' of The Sri Balaji University. Prof. Bala, as he was popularly known in the education circle, is a triple Post Graduate and a rare personality known for his innovative approach and has made history in the field of education. He was a classic example of courage, commitment and intimate relationship with the corporate world.

A soldier and a student, Dr. (Col) A. Balasubramanian was also a trainer, a consultant, a gifted writer, an author and the pioneer who conceived the idea of creating the first Post Graduate Management Institute in India exclusively for the Defence Personnel and their dependents. A retired Army Personnel, he was the first Indian from Armed Forces in the history of India to be conferred the Honorary

Rank of Colonel after retirement. Standing tall with him on this exclusive dais are famous sportsmen like Kapil Dev, Sachin Tendulkar, Abhinav Bindra, Mahender Singh Dhoni and the famous actor, Mohanlal. Dr. (Col) A. Balasubramanian has many feathers in his cap and was known for his creative, successful, and bold experiments in management education ventures.

He was a firm believer in the values of Discipline, Determination, and Dedication and leaves no stone unturned in ensuring that these values become the lifestyle of the MBA students enrolled in the Society. It's a common belief that a man is a product of one's environment. But for men with a strong will power, the environment is never a limiting factor. Prof. Bala was one such individual who has fought against the environmental factors to craft a fortune for himself. Born in the iron grip of poverty education was a scarce commodity to come by. To make a place for himself in the world, he

left the comforts of a protected family life and joined an orphanage and completed his education up to high school. He then joined the Indian Army as a Sepoy and retired as a Subedar after a service of 28 years. While wearing the uniform, he acquired three post-graduate degrees with flying colors.

His inclination towards education and knowledge did not end with acquiring degrees for himself but led him to create The Sri Balaji University and the Institutes under it which have groomed more than 20000 managers to date. His scholarly attributes and commitment to students have ranked him as one of the leading lights in the field of education in India. Dr. (Col) A. Balasubramanian believed that 'Education is the enhancer of knowledge, skill, and attitude. It is the energy of a nation. It is a source of discipline, dedication and determination necessary for transforming the effort into action for achieving the goal'. In line with his beliefs, he steers the four prestigious management institutes in Pune, namely Balaji Institute of Modern Management (BIMM), Balaji Institute of Technology & Management (BITM), Balaji Institute of International Business (BIIB) and Balaji Institute of Management & HRD (BIMHRD), collectively forming the powerhouse of education known as the Sri Balaji Society.

The other colleges run by him are Balaji College of Arts, Science & Commerce (BCACS), Balaji Junior College of Arts, Commerce & Science (BCACS) and Balaji Law College (BLC) providing education to undergraduate students.

Bala Sir always used and lived by the statement of 'Problems are Opportunities'

Mr. George Fernandes,
Defence Minister

March 03, 1999

Dear Dr. Karunanidhi,

I am enclosing a letter of Col. A. Balasubramanian requesting for allotment of a flat from your discretionary quota. He is the only Subedar to have been conferred the rank of 'Honorary Colonel' by the President of India. This ex-serviceman has found place in history for being the only person from the ranks of the Defence forces to have been conferred the rare honour of the full Colonel. Keeping in view his contribution towards the country, I shall be grateful if you could kindly accept his request.

With regards,

Yours sincerely,

George Fernandes

Dr. M. Karunanidhi,

I K Gujral

My dear Shri M. Karunanidhi,

I am forwarding a letter from one of the retired soldiers from the Army. You must be interested to note that probably he is the only 'Subedar' to have been conferred the rank of 'Honorary Colonel' by the President of India.

He hails from your State. You may like to consider his request for allotment of house/flat from the Government Quota.

With good wishes,

Yours sincerely,

[I.K. GUJRAL]

एच डी देवेगौडा
H.D. DEVE GOWDA

Dear Thiru M. Karunanidhi,

I am forwarding a letter of Prof (Col.) A. Balasubramanian, who is one of the esteemed soldiers from the Indian Army.

He is the only 'Subedar' to have been conferred the rank of 'Honorary Colonel' by His Excellency Shri K.R. Narayanan, the President of India and the Supreme Commander of the Defence Forces.

His contribution to the Defence community in particular and the country in general is highly laudable.

I request you to kindly consider his request for allotment of house/flat from the Government Quota.

This Ex-Serviceman, who hails from Tamilnadu, has found a place in the history for being the only person from the ranks of the Defence Forces of this country to have been conferred the rare honour of a 'Full Colonel' to this date.

With regards,

Yours sincerely,

(H.D. DEVE GOWDA)

Thiru M. Karunanidhi,
Chief Minister,
Government of Tamilnadu,
CHENNAI.

BIIB
BALAJI INSTITUTE OF INTERNATIONAL & BUSINESS

In today's interconnected global landscape, it's increasingly rare for nations or businesses to operate independently without engaging in the global economy. Recognizing the requirements of these multinational enterprises, BIIB was established in 2003 with a clear mission: to prepare managers to effectively navigate the complexities of the global economy. The curriculum of our courses is thoughtfully crafted to incorporate aspects of international trade. Here's a brief overview of the courses we offer:

Pune - 411033 Maharashtra (India)

Admission Procedure

Welcome to Sri Balaji University, Pune (SBUP)

India is going through an Industrial Revolution. Lot of companies are coming from abroad and even the Indian Companies are going for overseas operations. So, we all are witnessing globalization and in this environment, the Post Graduates in Management are the most sought after human resources in the country. Notwithstanding the upheavals in the global markets, India is still poised to keep her growing phase as it is evident from its economic growth rate compared to other countries in the world. That does not mean that any and every Post Graduate in Management will find his dream company and dream job. Right person to the right job with right attitude is the demand of the industry. Therefore, it is the responsibility of the B – Schools to select the right candidates for the right training and course, so that at the end of the day, the students are empowered for their corporate endeavours.

Admission Process for the constituent Institutions of Sri Balaji University, Pune (SBUP)

We, at Sri Balaji University, Pune (SBUP) leave no stone unturned to ensure that every student joining any of our Institute is groomed and placed well. Although, we are having very tough training schedule, the spirit behind it is to give maximum to the students, so that, the objective of their joining us and paying fees is realized. The institutions for which we will be conducting the selection process for admission are as under:-

(a) Balaji Institute of Modern Management (BIMM)
(b) Balaji Institute of Technology & Management (BITM)
(c) Balaji Institute of International Business (BIIB)
(d) Balaji Institute of Management & HRD (BIMHRD)

All the four constituent Management Institutes of Sri Balaji University, Pune (SBUP) are well known in the country for the excellent grooming process and Campus Placements. The management of Sri Balaji University, Pune (SBUP) is paying equal attention to each of the Management Institutes and ensures that the leaders in the University as well as in the institutes work together to deliver the results. Each Director whether from the University or from the Institutes, works like a family member and is interdependent. This collective effort and the concept of unity in diversity is ensuring that common culture, common rules, common procedures, common grooming process and common examinations produce good results although every Institute is fully equipped to innovate and produce good results. Therefore, taking admission to any of the Institutes imply that you have taken the right decision.

Introduction

I. The selection process for admission to the following constituent management institutes of Sri Balaji University, Pune (SBUP), which offer Two Year Full Time Master of Business Administration (MBA) will be conducted centrally. These Management Institutes are as under:-
(a) Balaji Institute of Modern Management (BIMM)
(b) Balaji Institute of Technology & Management (BITM)
(c) Balaji Institute of International Business (BIIB)
(d) Balaji Institute of Management & HRD (BIMHRD)

One Common Application Form for Four best B-Schools and 12 courses (9 specialisations and 26 options)

II. Since Sri Balaji University, Pune (SBUP) is one family, we have decided that we shall go for one prospectus and one application form where, all the programmes of all the constituent management Institutes of Sri Balaji University, Pune (SBUP) are listed so that each student can apply to any one or all the programmes of any one institute or all the programmes of all the four constituent management Institutes of Sri Balaji University, Pune according to his/her order of preference of the programme(s). The application form has appropriate options mark their programme preferences and the students should carefully fill up the same, so that, a student can get maximum opportunity to get admitted to any of the programmes of Sri Balaji University, Pune. Please note that, all the programmes of Sri Balaji University are approved by UGC, all the vacancies put together in all the four management institutes we have 1020 vacancies. In case the candidate is not opted for an institute / course then he/she will not be considered for the same

26	MBA (Marketing Management) offered by BIMM

Eligibility Criteria

IV. (a) Anyone who is already a graduate from any University recognized by UGC with minimum of 50% marks (45% for SC/ST).

(b) Those in the final year of graduation in the academic year 2024-26 and confident of getting marks of 50% and above can also apply. Candidates appearing for final year Degree examination up to June 2024 can also apply. However, if they fail to match the above qualitative requirement when the result is declared for the graduation examination, they will be relieved from the course compulsorily. Same will be the case with respect to those who fail in their degree examination, which means a candidate should qualify his/her graduation examination with a minimum of 50% marks latest by the academic year 2024-26. The mark sheets should be submitted to the Institute latest by October 01, 2025.

V. Medical Fitness Certificate needs to be provided at the time of joining.

VI. Should be willing to comply with the Rules and Regulations of the Sri Balaji University, Pune (SBUP). Please visit our Website: www.sbup.edu.in

VII. Group Discussions: Candidates who fulfil the qualitative requirements will be called for the Group Discussions by experts. This will be for a duration of 30-45 minutes per group. This may include role play, case studies and extempore speech and GD. 35% of the weightage in the merit list will be given to the GD process. Therefore the GD process may extend to the second day although all efforts will be made to complete the process in one day. This is an elimination round.

VIII. Personal Interviews. This expert panel interview and the essay marks will carry 30% of the weightage. This panel will assess the candidates on various parameters including the suitability of the candidate for a particular specialization. The panel will also give opportunity to the applicants to add or delete course options.

X. Documents to be submitted during the Interview

The following documents are required to be submitted at the time of interview:

(a) Attested true copies of all Mark-Sheets and Certificates of 10th std., 12th Std., and Graduation. In case of those who are still in final year of the degree course they should submit mark sheet of the previous years.

(b) Work-Experience Certificate. (If applicable).

(c) Certificates related to Extra-Curricular Activities(If applicable).

(d) Copy of Caste Certificate in case of SC/ST candidates.

XI. Submission of CAT/MAT/C-MAT/XAT/MAH-CET Result Score

Candidates should submit the application form with the photostat copy of CAT/MAT/C-MAT/XAT/MAH-CET scores which will be verified during Personal Interview. The latest MAT score which is available with the candidates can be submitted. It may be noted that we are not going to do our short listing based on the CAT/ MAT/C-MAT/XAT/MAH-CET score alone, although weightage is allotted for the same.

Candidates who are appearing for the SBSET need not to be bothered about submitting the scores to SBUP. In other way around the university will incorporate the SBSEST score automatically and will equated with the CAT/MAT/C-MAT/XAT/MAH-CET. The university will consider the best score out of it in the favour of the candidate.

XII. Merit List

On completion of interviews, we compare the performance of all candidates appearing for the interview and generate a final merit list based on their overall performance. The candidate is considered for the Programme which he has preferred according to the priority mentioned by him / her in the application form. In case, he / she is not selected to the Programme applied by him / her, then he / she will be considered for other Programmes and selected on merit. It may be noted that, all the Management Programmes are of the same status and the inputs are also similar according to specialization. As we have already mentioned the placement opportunities for all the Programmes are very good as has been proved by the track record of Sri Balaji University, Pune (SBUP).

It means that each institution is important and enjoys equal status and attention from the top management. We select the best possible candidates for all the Institutes from amongst the common pool of all the candidates applied for admission to any or all the institutes of Sri Balaji University, Pune (SBUP). although such a consideration arises only when a candidate is not selected for admission to the particular institute to which he or she may have applied originally. By doing so, we are in no way taking away any opportunity from anyone but are providing an additional opportunity to get selected in any of the prestigious institutes of Sri Balaji University, Pune (SBUP).

This is done subject to the following conditions:

(a) That they are eligible for the same. To become eligible, they should have opted for the institute(s) / Programme(s) (one can opt for either one institute/ Programme(s) or for all the institutes/ all the Programmes as per his/ her order of preference as marked in the application form) for us to consider them.

(b) That vacancy exists in those Institute(s) for such a consideration.

(c) That they come up in the merit of scope of those institutes / Programmes.

(d) Changes in Government policies where applicable.

XIII. Women Empowerment

As a socially conscious trust we believe in the upliftment of women. Hence we ensure 50% of the intake of the students go to female candidates and remaining 50% goes to male candidates. In order to cater for the same, merit will be drawn separately for female & male candidates.

XIV. Important Dates : (Visit our websites)

XV. Application - How to opt for the Courses?

All the Programmes offered by all the institutes are listed in the application form. A student can opt either for one Programme of any institute or more Programmes or all the courses listed in the application form. Please note that all the Programmes are of equal status and of two-year duration. At the end of the admission process, a merit list will be drawn for each Programme separately and those who stand at the top ranks, for each Programme will be allotted the Programmes according to prescribed vacancies for each Programme. The option of the students is therefore very critical for them to be considered for alternate Programmes. Therefore students are advised that they should opt for maximum or all the Programmes so that they have better chances of getting selected to any one of the Programmes offered by Sri Balaji University, Pune.

XVI. Online Admission Process

The Admission Process explained above is an offline/ in person mode process. However, considering the Pandemic situation, the university have devised a robust online admission process for the convenience and safety of the students. The online admission process includes Document verification, Addressal, Group discussion, Personal Interview and Essay writing. Students who are opting for the online admission process will get a very detailed instructions by e-mail.

XVII. Declaration of Result and Confirmation of admission

The admission list will be declared in the web site and also communicated through e mail. Selected students will be required to remit the first installment of Rs. 55,000/- (Rupees Fifty Five Thousand only) within 10 days from the date of declaration of the admission list as above to confirm their admission. In case the selected candidate fail to remit the fee in time it will be assumed that the candidate is not interested in the admission and the vacancy will be released to the candidate in the waiting list.

4.	50%	30 days or less, but more than 15 days, after formally-notified Commencement of Courses.
5.	00%	More than 30 days after formally-notified Commencement of Courses.

*Caution money or security deposit, which are not part of the fees chargeable, shall be refunded in full.
** In case of (1) in the table above, the entire fee after the deduction of the processing fee of not more than Rs. 1000/- shall be refunded to the student by the University/concerned Institution.

XIX. Education Loan

BIMM, BITM, BIIB & BIMHRD have been specially approved for educational loan schemes for the students who gets admission to any of these institutions from Avanse, Axis Bank, CREDILA (An HDFC Ltd. Co.), CRENDEC, IDFC Bank, Punjab National Bank & Propelld as Sri Balaji Society has signed MOUs with these banks. All those students who get admitted in any of these institutes can approach these banks for availing educational loan. However students have the liberty to approach any other bank as per their convenience.

XX. Enquiries

The entire admission process will be handled by the students. In fact, an Admission Cell comprising of students has been formed and it is they who will be handling the entire admissions from start to end. They will be more than keen to respond to all your queries not only on phone but also at the selection centres.

Sri Balaji Entrance Screening Test (SBEST)

Sri Balaji Entrance Screening Test (SBEST) is an entrance exam conducted by Sri Balaji University, Pune (SBUP). This entrance exam is optional in nature. Students should take this entrance exam under the following conditions:

1. Did not appear for CAT /MAT/ XAT/ CMAT/ MAH-CET
2. To improve the scores of the above-mentioned exams attempted, can also opt for SBEST
You may please note that, no additional fee will be charged for SBEST.

Marketing Management

Accounting & Finance

Human Resources Management

Business Analytics

International Business

Entrepreneurship Development

Following specialisations shall be offered from third semester onwards. Students can opt for any one of the following specialisations:

Marketing Management | The specialisation in Marketing Management allows students to develop an understanding in business management with special focus on marketing domain. It exposes students to multiple and critical areas in the subject right from the Principles of Marketing Management to understanding various facets of Marketing Management. The program is designed to develop analytical thinking among the management students and to sensitize them about the society and surrounding environment.

Accounting & Finance | This program provides students a unique opportunity to study the interrelated subjects of Finance and Business Management. It also enables them to develop relevant competencies and skill sets which are critical to the smooth performance of any management function and would enhance their employability. In this program the students are exposed to a wide range of core courses through which they achieve a holistic learning of Business administration while focusing on an in-depth study of Finance. Throughout the program a strategic application perspective has been incorporated and emphasized so as to provide the students with both a conceptual foundation along with an exposure to real life business scenarios.

Human Resources Management | Human Resources Management is the subtle combination of the study of management and general B.B.A. program; with specialized training in Human Resources. It is made of six semesters in which the first two semesters are common to all the B.B.A. courses and the last four focus on the specialized subjects related to the Human Resources Department in an organization. It is a career opening in nature and provides many job opportunities to the candidates.

Business Analytics | BBA Business Analytics is a specialised programme that is aimed to develop business analytics professionals for variety of industries. Business Analytics is a combination of Data Analytics and Business Intelligence. It is the science of analysing data to find out patterns that will be helpful in developing strategies. This programme helps to attain the knowledge required to drive key business decisions. It will also help in developing the necessary skills to carry out analytical procedures and support an organisation by figuring out ways to improve and optimise existing business processes with ease.

International Business | In today's globalized world, enterprises large and small seek employees who have the ability to perform in multicultural situations and contrasting business environments.

The International Business Specialization equips students to succeed in cross-border work environments with courses that instruct on management across cultures, international marketing and global contexts. The curriculum qualifies students to assess impact by global region on management functions in a range of industries.

Entrepreneurship and Development | The Bachelor of Business Administration (BBA) with a specialization in Entrepreneurship is designed to prepare future entrepreneurs. Given the many responsibilities associated with running a business, the curriculum for entrepreneurship programs are often extensive, including classes in quantitative techniques, marketing, accounting and finance. Students will develop expertise in evaluating opportunities and successful business models, creating business plans and attracting venture capital.

Faculty of Commerce & Management
School of Commerce & Management

Structure for Four Years Bachelors of Business Administrations - BBA Degree Programme (From AY 2025-26)

Preamble:

1. Sri Balaji University's full time Bachelor of Business Administration (BBA) programme is designed to craft graduates with well-developed business insights, critical thinking and decision making skills. This programme is designed with specific objectives of developing various skills such as soft skills, computer skills, aptitude and awareness amongst the students in tune with the prevailing business systems that govern different types of business organizations. The course structure is divided into three years that are interlinked in a systematic manner. This is to maintain consistency and a continuous flow in the teaching–learning process and method of evaluation for each topic. The present programme will enable the students to foster entrepreneurial attitude, ability to think independently and take rational decisions at various levels of management. It aims to develop a professional and managerial acumen and leadership qualities amongst the youth. Moreover, it incorporates various skills like time management skills, presentation skills, geo-political awareness and business awareness that are required for managerial effectiveness.

2. **Program objectives:**

   Programme aims at developing the managerial and entrepreneurial attitude and skills, enhancing leadership qualities and building the required business acumen among the student managers. The programme gives an opportunity to develop the executive personality, managerial skills and functional knowledge to work in the industry.

   1. To develop precise understanding of business administration and business environment.

   2. To inculcate among the students leadership aptitude and qualities of dynamic business managers and make them capable of taking decisions and communicating with different groups of people.

   3. To equip students with knowledge and skills to fulfil the requirements and expectations of the Industry.

3. **Introduction to the Programme:** The degree shall be titled as Bachelor of Business Administration (B.B.A.) under the Faculty of Commerce and Management. The implementation this programme shall be as follows:

   First Year B.B.A. is w.e.f. the academic year 2025-26

Psychology

Economics

Political Science

Following specialisations shall be offered from third semester onwards. Students can opt for any one of the following specialisations:

Psychology

BA (Psychology) programme focuses on the study of various facets of human behavioural patterns and functioning of the mind. It guides students through various approaches to understand the complexities and processes of the human mind. This programme prepares students for graduate study in any of the specialized fields of Psychology. It enables students to develop a critical understanding of the major concepts, themes, theoretical frameworks and methodology of the discipline. This programme majorly covers a wide range of topics that enable students to develop a critical understanding of basic concepts and theories of the subject, leading to the study of specialized areas such as Personality, Social, Clinical, Industrial, Developmental, Educational and Experimental Psychology. Students are trained in the Methods of Psychological Testing and Counselling; as well as experimental techniques and research methods.

Economics

BA (Economics) Programme aims to expose students to the theoretical, analytical frameworks and policy within the discipline of Economics. This program enables students to rationalize through analytical frameworks, evaluate empirical evidence and develop a critical approach to understanding interactions between theory and policy. Through this program students will examine a range of questions: How businesses compete and manage to survive in a globalized economy? What are the main drivers of the economy and how are policies formulated to promote growth and development with minimum degree of inequality across the country? What is the importance of taxation and government expenditure, and its impact on the growth of the economy? How mathematical models are used to explain economic phenomenon? The Bachelor's degree programme in Economics provides theoretical and practical knowledge that makes accurate analysis of the economic situation possible. Economics graduates must be able to understand the interrelation between the economy and society; to consider economic problems from a global perspective and take a local approach to solve them; to make connections between an economic system's different components; to gauge the implications of decisions related to economic policy; and to respond to the economic problems arising from society in general and the different units that interact therein (e.g. institutions, private companies and sectors of the economy).

Political Science

B.A. Political Science programme expose students to theory and practice of politics and description and analysis of political system and political behaviour. The B.A. (Political Science) degree course involves study of both national and international political systems. It covers a very broad field which incorporates the study of historical and modern political systems, public administration, governmental policies and procedures, international relations and public affairs. This programme will equip students with deep understanding of Indian political system, different ideologies and practical aspects.

BA Programme Structure
Faculty of Humanities
School of Humanities & Social Sciences

Structure for Four Years Bachelors of Arts - BA Degree Programme(From AY 2025-26)

1. **Preamble**
   Sri Balaji University's Bachelor of Arts programme is designed to develop students with deep understanding of social, political, psychological, economical and cultural facets of Indian society and world community. The Bachelor of Arts programme is a broad-based programme with a mix of disciplinary, interdisciplinary and skill based courses. It is designed to provide the learners with the information and skills necessary to understand and analyse their world by introducing them to the main themes and topics of disciplines in Humanities and Social Sciences. Majorly focused on three core specialisations, this programme will equip students with core competencies, life skills, analytical thinking and decision-making ability and capabilities to face social challenges and come up with innovative solutions.

2. **Programme Objectives:**
   a. To develop a comprehensive understanding of the theories and practices, advance critical thinking skills and information literacy.
   b. To develop exceptional textual, visual, and verbal communication abilities.

3. Introduction to the Programme: The degree shall be titled as Bachelor of Arts (BA) under the Faculty of Humanities & Social Sciences. The implementation of this programme shall be as follows:

Faculty of Science & Technology
School of Computer Studies

Eligibility: A candidate from any stream, should have passed 12th Std. Examination (H.S.C.10+2) with minimum 50% of marks and English as a passing subject. OR Three Years Diploma Course from Board of Technical Education, conducted by Government of Maharashtra or its equivalent, after S.S.C. i.e. 10thStandard. OR Two Years Diploma Course in Pharmacy from Board of Technical Education, conducted by Government of Maharashtra or its equivalent, after H.S.C. i.e. 12th Standard. OR Completed MCVC program.(Minimum Competency Vocational Courses)
A candidate should have scored minimum 50 % marks in qualifying examination.(Minimum 45% for SC/ST candidates)

Admission Process:
a. Eligible students can apply online. After scrutiny of the applications, eligible candidates will be informed the schedule Personal Interview (PI).
b. Personal Interview - Experts will interview and assess the candidates on various parameters including the suitability of the candidates for offered specialisations.
c. Weightage – Marks obtained in HSC/qualifying exam will carry 50% weightage PI 50% weightage for preparation of finale merit list for admission.
d. University reserves the right to make changes in this admission process as and when required.

Specialisations:

1. Data Science.
2. Software Development.
3. Cloud Computing and Security.
4. Artificial Intelligence.

2	Research Methodology	Data Science
3	Generative Adversial Network framework	
4	Document Oriented Database - Mongo DB	
5	Computer Laboratory - GAN framework and Document Oriented Database	
6	Android Application Development	Software Development
7	Essential Automation Testing Tools	
8	Computer Laboratory - Android and Automation Testing Tools	
9	AI Ethics & Governance	Artificial Intelligence
10	Generative AI & Applications	
11	Computer Laboratory - Generative AI	
12	Salesforce	Cloud Computing and Security
13	Ethical Hacking	
14	Computer Laboratory - Salesforce and Ethical Hacking	

Semester-VIII		
Sr. No.	**Course Title**	
1	Digital Image Processing	For all Specialization
2	E-Commerce & Digital Marketing Select ONE course from Basket for MOOC	
3	Course from LinkedIN Learning	
4	Industry or Institutional Internship/ Project	

PROGRAM OBJECTIVE
1. With highly rising demand of actuarial professionals coupled with slow increase in supply resulting into acute shortage of actuaries in India.
2. Main objective to start this course is to facilitate good potential candidates to become actuaries and to prepare students to write examinations of Institute of Actuaries.
3. The most important reason for a slow growth rate of Actuarial Graduates is poor awareness and lack of educational facilities to provide good quality training in India.

INTAKE : 60 Students

ELIGIBILITY
Candidate must have any of the following criterions for admission to be eligible for admission in the B. Sc in (Actuarial Science) programme:

▸ .A candidate who has passed H.S.C. (Class XII) from any stream (Science/ Commerce/Arts or Diploma in Engineering) with at least 50% (45% for SC/ST category) marks.

B. Sc.

Faculty of Science & Technology
School of Computer Studies

PROGRAM OBJECTIVE

The Post Graduate MCA program is one of the popular choices for career enthusiasts who wish to have a rewarding career in the IT Industry. The curriculum of MCA course is quite exhaustive & comprehensive with a blend of basics and up-coming, emerging technologies. The course is well suited for students who wish to understand technology and its implementation in a gradual and consistent manner. Students with background in commerce & statistics are also eligible for admission to the MCA Course.

ELIGIBILITY

Any Graduate with mathematics at 10+2 level is eligible to apply for MCA Programme. The Candidate must have passed graduation or equivalent with minimum 50% marks.

Candidates in the final year of Graduation/Degree can also apply, however the admission will be granted provisionally subject to satisfying criteria 1 above.

A minimum of 50% marks is mandatory for general category candidates and 45% for SC/ST category candidates belonging to Maharashtra.

ADMISSION PROCESS

Eligible students can apply online. After scrutiny of the applications, eligible candidates will be informed the schedule of Brief Interactive Session & Personal Interview (PI)

Brief Interactive Session: Student will have an opportunity to interact with senior faculty/Director to clear their doubts regarding the program.

Personal Interview: Experts will interview and assess the candidates on various parameters including the suitability of the candidates for offered specialisations.

Weightage: Marks obtained in Graduation/qualifying exam will carry 50% weightage and Personal Interview will carry 50% weightage for preparation of finale merit list for admission.

University reserves the right to make changes in this admission process as and when required

Specialisations Offered:

1. Data Science.
2. Software Development.
5. Artificial Intelligence.

School of Commerce & Management

Course Details:

Newly inducted in Sri Balaji University, Pune, the five-year Integrated Programme in Management (BBA+MBA) is the in-demand degree in the Indian corporate segment. It is a unique program specifically designed for young students with managerial and corporate leadership aspirations. Backed by an unbeatable legacy of 25 years in imparting management education and over 20,000 alumni, the integrated program will equip students with decision-making abilities as- well-as problem-solving skills and analytical techniques. The focus is to make students job-ready and multitasking managers in the corporate segment. The course-work of the program is designed in such a way that candidates learn the insights of the business world from basic fundamentals to advanced level strategies in a single go. A BBA Integrated MBA (BBA+MBA) course can be completed over a period of 5 years during which the first 3 years are focussed on bachelors course BBA whereas the last 2 are dedicated towards core MBA. An integrated course combining BBA and MBA offers an edge in terms of a comprehensive syllabus of both degrees. An BBA MBA Integrated course gives you an opportunity to start your corporate training directly after completing high school.

Eligibility:

a. A candidate from any stream, should have passed 12th Std. Examination (H.S.C.10+2) with minimum 60% of marks and English as a passing subject. OR

a. Three Years Diploma Course from Board of Technical Education, conducted by Government of Maharashtra or its equivalent, after S.S.C. i.e. 10th Standard. OR

a. Two Years Diploma Course in Pharmacy from Board of Technical Education, conducted by Government of Maharashtra or its equivalent, after H.S.C. i.e. 12th Standard. OR

a. Completed MCVC program.(Minimum Competency Vocational Courses)A candidate should have scored minimum 50 % marks in qualifying examination.(Minimum 45% for SC/ST candidates)

Admission Process:

a. Eligible students can apply online. After scrutiny of the applications, eligible candidates will be informed the schedule Personal Interview (PI).

b. Personal Interview - Experts will interview and assess the candidates on various parameters including the suitability of the candidates for offered specialisations.

c. Weightage – Marks obtained in HSC/qualifying exam will carry 50% weightage PI 50% weightage for preparation of finale merit list for admission.

d. University reserves the right to make changes in this admission process as and when required.

Specialisations Offered:

1. Marketing Management
2. Accounting & Finance,
3. Human Resources Management
4. Business Analytics,

Master of Laws (LLM)

PROGRAM OVERVIEW

Law is a vital instrument for achieving governmental objectives and plays a significant role in both individual and societal lives. Both sustainable development and economic progress can be greatly aided by an effective legal framework. However, the degree of enforcement determines how effective a legal system is, and here is where the necessity of qualified legal professionals comes into play.

An LL.M. degree can significantly enhance career opportunities. For recent law graduates, it can improve employability by providing specialized skills and demonstrating a commitment to continuous learning. For practicing lawyers, an LL.M. can pave the way for advancement to senior roles, higher salaries, and positions in prestigious law firms or academia. LL.M. programs attract a diverse cohort of students from various backgrounds and countries. This diversity enriches the learning experience and fosters a global network of professional contacts. Such networks are invaluable for career development, offering opportunities for collaboration, mentorship, and future job prospects.

The legal field is continually evolving with advancements in technology, such as artificial intelligence, blockchain, and cyber security. LL.M. programs often include courses on these emerging topics, ensuring that graduates are well-versed in the latest legal technologies and trends. This knowledge is essential for staying relevant and competitive in the legal market.

ELIGIBILITY:.

‣ Student must clear any one entrance test CLAT PG Examination AILET PG Examination, CUET LL.M. Examination, MAH-CET OR SBEST LL.M. (Sri Balaji Entrance and Screening Test).

And

‣ Be a Law graduate (B.A. LL.B., BBA. LL.B., LL.B.) from UGC- recognized university with a minimum of 50% of marks (Minimum 45% for SC/ST Candidates).

OR

‣ Students currently in the final year of their law graduation and confident of securing minimum of 50% aggregate marks (Minimum 45% for SC/ST Candidates) and also clearing one of the above mentioned entrance tests may also apply for the course.

Duration & Pattern of the programme of the Course:

One Year (Full time) & Trimester

Objectives of One Year LL.M. Program:

Opting for a one-year LL.M. (Master of Laws) program can be a strategic decision depending on your specific circumstances and career goals. Here are some reasons why you might consider choosing a one-year LL.M. program:

Time Efficiency:

One of the primary advantages of a one-year LL.M. program is its brevity. Completing your LL.M. in one year allows you to gain advanced legal knowledge and credentials efficiently, without committing to a longer academic program.

Cost-Effective:

Shorter duration means lower tuition fees and reduced living expenses. A one-year program generally requires fewer financial resources compared to longer programs, allowing you to save both time and money.

Focussed Specialization:

If you already have a clear area of interest within law, a one-year LL.M. program can offer focused specialization in that field. This allows you to deepen your expertise and gain specific skills relevant to your career aspirations.

Career Enhancement:

For legal professionals seeking career advancement or transition, a one-year LL.M. can provide a targeted boost to your credentials. It demonstrates commitment to a particular area of law and can open up new opportunities in terms of job prospects and salary potential.

Flexibility:

A shorter program is often more flexible, accommodating individuals who may already have work or family commitments. It can be easier to fit into your schedule compared to longer, more rigid academic commitments.

Specialization:

1. Corporate and Commercial Law
2. Constitutional and Administrative Law
3. Criminal and Security Law

Post Graduate Diploma in Labour Laws (PGDLL)

PROGRAM OVERVIEW

Legal education stands as a cornerstone in the foundation of any democratic society, serving as the bedrock upon which justice, fairness, and the rule of law are upheld. In a world marked by intricate legal systems, dynamic social landscapes, and evolving global challenges, the significance of legal education cannot be overstated. It not only molds the minds of future legal practitioners but also cultivates a broader understanding of rights, responsibilities, and the mechanisms that govern our societies. From shaping policies to safeguarding individual liberties, legal education serves as a catalyst for progress, ensuring that citizens are equipped with the knowledge and skills necessary to navigate the complexities of the legal realm.

Post- graduate diploma courses in our university can fulfill the goals of legal education and further lead to dissemination of updated knowledge and training of students for their professional development.

Objectives of PG D.L.L.

Post - graduate diploma courses can fulfill various objectives based on the needs and aspirations of the students. The objectives of this course are as follows:

▶ To Expand the Educational Portfolio: A post-graduate diploma in labour laws will help in diversifying the educational portfolio of students who are interested in labour law field.

▶ To Provide a Specialized Training: A post-graduate diploma in labour laws provides specialized training in specific areas of law namely employment contracts, wage and hour regulations, workplace safety, industrial relations, and social security schemes. This would cater students seeking in depth knowledge as well as expertise in niche areas.

▶ To Enhance Employability: A post-graduate diploma in labour laws is designed to equip students with practical skills and specialized knowledge that are directly applicable to the legal profession. By focussing on practical aspects of labour law and offering industry-relevant training, these courses enhance students' employability and readiness for legal practice.

▶ To Facilitate Continuing Education: A post-graduate diploma in labour laws provides great opportunities for practicing lawyers and professionals from other fields to pursue continuing education as well as enhance their skills. These programs give flexible options to working professionals to balance their work commitments with further studies.

▶ To Meet Industry Demand: There is a growing demand for legal professionals with diverse expertise in various sectors of Labour law.

Duration of the Course
One Year (Full time). On the completion of 1 year, the students would be given a post graduate diploma in labour laws.

Eligibility
Graduate in any discipline from a recognized university with 50% marks for General and 45% SC/ST Category Students who have appeared for final year of examination of their bachelor's degree or are awaiting results can also apply, subject to successfully completing their bachelor's degree program at the date of counselling for admission specified by the university in the course.

Founded by a Warrior..For the Warriors of Tomorrow

Sri Balaji University Pune (SBUP),established over 25 years ago by war veteran and visionary Late. Prof. Dr. (Col.) A. Balasubramanian embodies discipline, dedication, and determination in its approach to education.

Honoring his legacy, SBUP recently launched the Department of Defence and Strategic Studies (SDSS) to bridge academia, industry, and the defense sector.

This department empowers servicemen, ex-servicemen, and youth with knowledge and skills to actively contribute to nation-building.

Master of Business Administration (MBA)

PROGRAM OVERVIEW

The Master of Arts in National Security is designed to equip participants with an in-depth understanding of India's national security practices. This comprehensive program brings together diverse perspectives from security practitioners and civil society, fostering discussions on key themes such as governmental responses to strategic challenges, cybersecurity, terrorism, economic security, and environmental security.

Key Themes

The curriculum addresses two significant areas of security studies: traditional security and non traditional security. This dual focus encompasses the external and internal security challenges faced by India, providing a holistic view of the nation's security landscape.

Comprehensive Curriculum

The program combines both theoretical and practical aspects of national security, offering a thorough review of relevant issues. Course work will be enriched through guest lectures from eminent experts and the implementation of innovative pedagogical techniques that enhance learning.

Who Can Apply?

The program welcomes applications from anyone with a graduate degree, including defense officers on study leave, journalists, and professionals, as well as students eager to gain a deeper understanding of India's national security framework.

Eligibility

▸ A candidate from any stream, should have passed Graduation degree Examination
▸ No entrance test requirements.
▸ Graduation from any recognized university.

Attendance Criterion

The University has a criterion of 90% attendance for Master of Arts in National Security students who sit /opt for Placement Process. There will be some relaxation for Army Officers, however UGC guidelines will be adhered to.

PROGRAM OVERVIEW

Embark on an exciting academic journey with the Master of Arts in Chinese Studies, designed to provide you with a comprehensive understanding of China's rich knowledge of politics, history, foreign policy as well as its strategicculture. Our program has been benchmarked by Harvard University, Princeton University, and the University of London, promising a rich curriculum.

Key Features

▸ In-Depth Curriculum : Dive into a diverse array of core courses while choosing from a wide selection of electives as well as specialised courses tailored to your interests.

▸ Open to All: This program welcomes graduates from recognized universities, including defence officers on study leave, journalists, and professionals eager to explore and research China's complexities.

▸ Mandarin Language Training : Gain practical language skills with our Mandarin curriculum, designed to help you achieve proficiency sufficient to pass the HSK exam up to Level 3A. No prior knowledge of Mandarin is required to begin your journey.

Engaging Learning Environment

Beyond traditional lectures, you will have the unique opportunity to interact with renowned experts in the field—scholars and practitioners from India and around the globe—offering invaluable insights into contemporary issues related to China.

Research Focus

As part of your academic experience, you will undertake a dissertation project, fostering critical thinking and in-depth analysis. This essential component not only hones your research skills but also prepares you for future academic pursuits.

Eligibility

▸ A candidate from any stream, should have passed Graduation degree Examination.

▸ No entrance test requirements.

▸ Graduation from any recognized university.

Online Six Months Diploma on Strategic Management of Defence Studies

130|

PROGRAM OVERVIEW

This course is designed for working professionals and students seeking an interdisciplinary understanding of strategic management, with a focus on both management principles and strategic/ political drivers.

It aims to bridge the gap between corporate environments, defence personnel, think tanks, and graduate students.

Target Audience

Ideal for those aspiring to become defence analysts or business analysts, this course provides participants with a comprehensive understanding of strategic management, planning, and implementation from multiple perspectives—management, theoretical, and defence.

Key Features

▶ Multifaceted Approach: Our curriculum ensures that students are well-equipped to navigate and influence complex strategic environments in both the corporate and defence sectors.

▶ Guest Lectures: The program will feature guest lectures from eminent personalities in the field, offering invaluable insights and fostering networking opportunities.

Eligibility

▶ A candidate from any stream, should have passed Graduation degree Examination

▶ Graduation from any recognized university.

Admission Process

▶ Eligible students can apply online. After scrutiny of the applications, eligible candidates will be informed the schedule of Brief Interactive Session & Personal Interview (PI)

▶ University reserves the right to make changes in this admission process as and when required.

FEES STRUCTURE	
DSMDS	**1ˢᵗ Instalment**
Academic Fees	₹ 17,500

Placements

We have consistent record of nearly 100% placements year after year, because of the Sri Balaji University's grooming system and campus culture. In addition to good academic inputs during these two years, student managers are trained to fit themselves in to the requirements of the fast changing Industries.

Current campus placements (for the MBA Batch 2023-25) have crossed 90 % and have been placed at top notch companies.

Infrastructure

I. Campus

Sri Balaji University located in Tathwade Pune is located in the midst of a green and clean campus. Each institute is amply provided with well-equipped classrooms, study rooms, presentation halls, and reading rooms. Each classroom offers comfortable seating facilities and is equipped with modern infrastructure to impart learning.

II. Libraries

Each of the four institutes of Sri Balaji University is equipped with up to date libraries. A vast bouquet of books, textbooks, and journals related to every aspect and subject of the management sciences, featuring all management gurus from Adam Smith to W Edward Deming can be found in the library. These gurus share space on the book shelves with periodicals, magazines, trade journals and newspapers waiting patiently for a chance to inspire the student manager to reach ahead and achieve his or her goal.

III. Auditorium

The University houses two indoor auditoriums namely, Ranganathan Auditorium and Raththinathammal Auditorium. Featuring spacious seating capacity of more than 1000, laser light and display systems, three powerful multimedia projectors, sound systems designed by JBL and BOSE, the auditorium ranks as one of the best in terms of infrastructure in the University.

Apart from these, the University also has an open air auditorium which is the battleground for all outdoor sports matches and home to all festive celebrations during the festive season.

IV. Computer labs

Knowledge about computers, and computer application is a must for corporate managers. The four institutes of Sri Balaji University are equipped with qualified instructors, trainers and computer infrastructure such as desktops, e-infrastructure, and other IT education facilities to keep the student managers abreast of the time.

The computer labs are well equipped with desk mounted PC systems supported by 100 MBPS internet cables and leased lines for information acquisition. The labs are fully equipped with the latest licensed versions of the required computer applications, programs and software. Also, the entire campus is Wi-Fi enabled to ensure uninterrupted connectivity.

V. Health and recreation

With over 5000+ student managers in the University, physical health is a must for achieving excellence in life. Sri Balaji University has provided ample opportunities for its student managers to play, leap and run in various games such as - football, volleyball, tennis, badminton, basketball and so on. A walking track provides an opportunity to go for a leisurely stroll or a brisk jog around the campus in the University. Apart from these outdoor games facilitates, indoor games such as table tennis and carom have been provided in the University.

Last but not least a fully equipped gymnasium with the latest cardio, weight loss, and muscle training equipment along with a swimming pool is provided for the student managers in the hostel building.

The University promotes an environment friendly lifestyle for all University members and students. In view with this a fruit and juice bar is situated in the campus which runs from 8 to 8 serving fresh fruits and juices. A bicycle parking is also available in the Campus to facilitate cycling to student managers to promote a healthier lifestyle. The University can easily boast about its green campus which hosts a rain water harvesting, and a cycling and jogging track besides being home to a wide variety of flora and fauna.
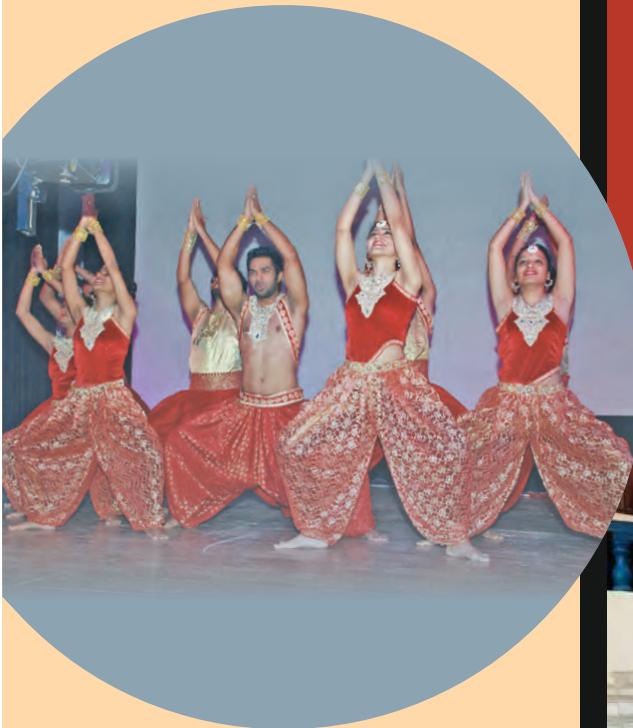

VI. Industry Interface

The University emphasizes on practical training as classroom based management education is only the beginning. To ensure holistic development, the students not only pursue a number of internships but are also kept abreast of changing industry trends through a number of guest interactions and national symposiums conducted in the society.

VII. Cultural and Sports Activities

Sri Balaji University strives for holistic development of its student managers. Thus adequate attention and opportunities to excel beyond the classroom, are provided. Student managers may participate, perform and assist in the arrangement of various competitions, festivals, and cultural events in the society.

Some of the events that are annually held in Campus are The Aiyaswamy Cultural Festival, The Mega Event- Drishti, The Fresher's Party, and many more.

Infrastructure

VIII. Cafeteria and Mess

The importance of good and nutritious food can never be underestimated. So to fuel the energies of the student managers, three cafeteria cum mess are situated within campus which serve a variety of dishes. Like clockwork, piping hot and nutritious breakfast, lunch and dinner is served daily to the student managers giving them the energy they need to be up and ready in the society. Apart from these three eating facilities, there are two outlets providing refreshment in the campus.

IX. Other facilities

An infirmary which provides general medical care and checkup facility is provided in the hostel building in Sri Balaji University. Student managers, faculty members and other patients alike can make use of these medical facilities for a concessional price.

To cater for the demand for one's daily needs, a stationery shop has been provided for the student managers in the campus grounds in the University. The store sells a variety of items ranging from books and stationary to snacks and packaged food items. A book binding, printing and Photocopying facility is also present in the same store.

Apart from the daily needs, the financial needs of the students are met through an ATM facility right outside the Campus.

Winners vs Losers

The winner is a part of the answer

The loser is always full of problems

The winner always has plans

The loser always has an excuse

The winner says "Let me do it for you"

The loser says "That is not my job"

The winner sees an answer in every problem

The loser sees a problem in every answer

The winner sees a 'Green' near every 'Sand Trap'

The loser sees a 'Sand Trap' near every 'Green'

The winner says "It may be difficult, but it is possible"

The loser says "It may be possible, but it is difficult"

...Be a WINNER,

join the movement called.... Sri Balaji Society
